BIO

Endeavoring to guide listeners on a “path to self-discovery, unearthing complicated emotions and revelations” (Boston Globe), **JOBIE**’s discography is one full of intention and grit.

Raised by a musical family, the Richmond, VA native grew up penning lyrics without coy pretense or caddish bravado. Her words are cutting and reactionary as she confronts everything from peers with rude party etiquette to deeply embedded systemic flaws. Now based in Boston, MA, she regularly contributes to two other musical projects, Older Sibling and jimrat and frequently gigs in the city’s lively DIY scene. While she is apt to use her music as a vessel to interrogate what society wants us to unwittingly consider ‘normal,’ JOBIE is equally prone to using her discography as an emotional guidebook.

MEDIA COVERAGE

- **Atwood Magazine**
- *“JOBIE’s ‘All for One’ is concrete proof that sometimes the love we experienced for a brief time is worth all of the pain that follows in its wake... ‘All for One’ might have been born from a place of heartbreak and longing, but the end result is a soothing melody that tells us to savor the time we have with our loved ones.”*
- **The Boston Globe**
 - *“Josie Arthur’s debut album, “Grendel,” released in January, reflects on her childhood and how it shaped her. For the singer-songwriter, who records as ‘Jobie,’ it was also a path to self-discovery, unearthing complicated emotions and revelations.”*
- **Additional Press Placements**
 - *The Luna Collective, Two Story Melody, WHRB, WERS, WECB, The Gavel, North of the James, Vibing on Vinyl,*
